

SNS Referee Registration for 2019/2020 through the Demosphere platform

Demosphere introduces the concept of a household. A household can be one or more individuals registered with SNS as a player, referee or coach.

If you are under 18, check with your parent or guardian to see if they created a household account through your club. If not, they should setup a household account so you can register

If yes, you should use that account to log in.

If no, please have your parent create the household account

If you are a senior player and have already created an account, use that household account to log in. If not, please create a new household account.

Copy this Registration Link into your browser
